DONATIONS ACCEPTED*

in support of our new

SIDE BY SIDE PROGRAM

St. Michael Catholic High School is excited to announce it will begin a new high school program for students with intellectual difficulties in the 2018-19 school year. The “Side by Side” program will teach five or six students each year whose academic performances range between 2nd and 6th grade, pairing them with a fully certified special needs teacher for their core classes, mainstreaming them into elective classes, and encouraging them to participate where appropriate in the extracurricular life of the school.

For more Side by Side information, contact Jackie Stapleton at jmurphy_58@yahoo.com.
